RULES :

- This competition is only for **Final Year Engineering** students (CE, EnTC, IT and only for **software based** projects).
- At least **2 members** per team must be present at the **presentation/online platform**.
- **E-Certificate** will be given to all participants in the team.
- Project will be evaluated by at least 2 industry judges at the **same time in single session** or at **different time** in two different sessions.
- All the teams are requested to be **present/active** on online platform for whole session as per given time slot on the given date and time.

- Team whose presentation and **evaluation is over** can leave their Presentation/Session.
- If both judges are present at the same time then team **must attend one session** otherwise team has to **attend 2 sessions**.
- The online session/presentation will be held on [Microsoft Team Software](#), so participant must have this **software installed** in their devices and should have logged on in it and should be aware to use it properly.
- Date and time of Online Session/Presentation will be informed to participants groups one day before the event via Email and on the website.
- InC 2020 Concepts team will provide link to join the Session / Presentation along with date and time.
- If participants **failed to attend** the Presentation/Session then that team will be immediately **disqualified**.
- If the numbers of projects in any domain are less than 07, then only the E-certificates will be given and no prize money will be awarded.
- **Final decision** on the evaluation will be of **Judges and InC 2020 Concept Team**.
- The InC 2020 team reserves all the rights for any conflicts arising during the event.
